- ① Function/On/Off Button
- ② Touchpad: Volume + / Next song
- ③ Touchpad: Volume - / Previous song
- ④ Microphone
- ⑤ USB port for charging the battery
- ⑥ mini jack 3.5mm input

KEY FEATURES

1. Wireless listening: Bluetooth®, range:10m
2. Built-in microphone for telephone calls
3. Touch control panel
4. Light ergonomic design, foldable headband
5. Built in battery (up to 8 hours of listening, up to 8 hours of phone calls)
6. Bluetooth® low energy system
7. Charging with USB cabel
8. Possibility to connect outer music source (eg. MP3 player) with audio mini jack 3.5mm cabel (included in a set) or to use headphones for voice communication with a computer through microphone (not included).

PAIRING

1. Press and hold  key for 5 seconds to start pairing mode, which is signaled with alternate blue and red light. Search Bluetooth device in your cell phone/tablet/PC, which you want to pair with the headphones. In need refer to the cell phone/tablet/PC's manual. Headphones will be detected as „Kuki..“

2. After successful pairing you can wireless listen to music from the device, which the headphones were paired with. In a cell phone or a tablet (with 3G) it is possible to answer and run incoming calls.

LISTENING TO MUSIC

1. You can pause playing music by holding the  key and play again the same way.
2. Press quickly the touchpad 2 or 3 to skip to the next or previous song.
3. Press and hold the touchpad 2 or 3 to turn the volume up or down. Reaching maximum or minimum volume is signaled with the sound.

BLUETOOTH PHONE CALLS

1. Press the  key to answer an incoming phone call and talk directly via the built-in microphone in the headphones.
2. Press and hold the  key for 3 seconds to turn to the cell phone mode and answer the incoming phone call. Repeat the action to go back to the Bluetooth mode and answer the phone call with the headphones.
3. Press twice the  key to dial the last phone number.

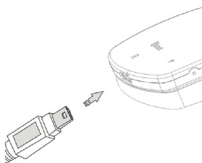

LISTENING TO MUSIC VIA THE EXTERNAL CABLE

It is possible to listen to music without the Bluetooth function (MP3 player, older types of laptops and so on). Connect the headphones and the device with the mini jack 3.5mm – USB cable.

NOTE! In this mode, the Bluetooth function will be switched off automatically. There is no possibility to turn it on as long as the cable is plugged.

CHARGING BUILT-IN BATTERY

Plug the USB cable to the headphones and the PC. Charging process is signaled with the red light, which turns off when charging is completed.
